Learn Disciplined Agile and Earn your DASM!

Disciplined Agile (DA) is a toolkit to aid project teams in delivering value to stakeholders. You may have tried Agile methods in the past and found them to be overly prescriptive, but that's not DA. DA enables teams to choose their way of working, improve process flow, and delight customers.

Learn how you can use DA to improve any of your projects - from product delivery to construction to IT. DA is for everyone.

Earn 14 PDUs in this online course from our friends at GR8PM. The class includes 14 hours of training, an Agile self-assessment, and the registration fee for the Disciplined Agile Scrum Master exam. Grow your skills and your career during this course!

June 21 through 24th
2:30 pm - 6:00 pm

GR8PM is offering chapter members a \$25 discount if you use the coupon code: PMI-INW-25!

FRANKLIN TEMPLETON

Learn how a 70 year old investment firm with 12,000 employees in 34 countries, and \$1.4 trillion in assets adopted Disciplined Agile to deliver value more quickly: <https://www.pmi.org/disciplined-agile/resources/disciplined-agile-success-stories/franklin-templeton-case-study>

Board Member Testimonial:

"I earned my DASM just over a year ago. At first, I was hesitant to pursue an additional certification, since I already have my PMP. But I am so glad I did! I use my DASM every day managing IT projects and our IT help desk. My team has adopted pieces of the DA toolkit that make sense for us, which has dramatically improved our quality and reduced time to delivery. We're better because of DA."
