Do You Feel Trapped in an Agile Framework?

Would you like to find solutions to the problems you've been struggling with? Disciplined Agile is here to help, providing a tool kit that harnesses hundreds of agile practices to guide you to the best way of working for your team or organization. Disciplined Agile will help:

- Lead you through a straightforward process of goal diagrams to choose a way of working that fits your team's context and identifies decisions you need to consider.
- Assess the agile practices that are available and understand the

strengths and weaknesses when applying them to your specific situation.

- Effectively combine strategies from Scrum, Kanban, SAFe® and many other approaches for a tailored, effective solution.

Take the first step toward your Disciplined Agile Scrum Master (DASM) certification
