Do You Feel Trapped in an Agile Framework?

Find solutions to your problems with Disciplined Agile. This course includes a tool kit that harnesses hundreds of agile practices to guide you to the best way of working for your team or organization.

Disciplined Agile will help:

- Lead you through a straightforward process of goal diagrams to choose a way of working that fits your team's context and identifies decisions you need to consider.
- Assess the agile practices that are available and understand the strengths and weaknesses when applying them to your specific

situation.

- Effectively combine strategies from Scrum, Kanban, SAFe® and many other approaches for a tailored, effective solution.

Take the first step toward your Disciplined Agile Scrum Master (DASM) certification.

Now available as a self-paced elearning course for the member price of US\$399. You save US\$100. The price includes both training and the certification exam.
