HOW IT WORKS:

The system starts with you getting licensed as a GR8PM Partner-Affiliate and using that credibility to attract potential students from the growing cloud of interest into your PMI-ACP Exam Prep classes. You structure your class prices based on the Student Materials option you choose (there are 3 choices) and your Instructor fee. After the student enrolls and pays you (*so you have no risk*), you purchase a License Key at a significantly discounted price and provide that License Key to the student to access their materials. Your profit is a combination of your Instructor fee and the mark-up on the materials.

To keep the system running you share the Student Evaluations with GR8PM and ask for Student Referrals and Endorsements on social media to grow your personal cloud of potential students. GR8PM will be there to help you at every step along the way!!

THE MATERIALS OPTIONS:

The three options for Student Materials include everything list above. Option #1 includes a printed book whereas Option #2 includes a PDF book. Both options include a 60-day subscription to the Exam Simulator and are priced at \$149. Option 3 includes both the printed and PDF books and a 180-day subscription to the Exam Simulator and is priced at \$199. Affiliate prices are \$100 off the GR8PM website price.

This is the easy, no risk way to put yourself in the “spotlight” as an expert!
